

HEMLINE

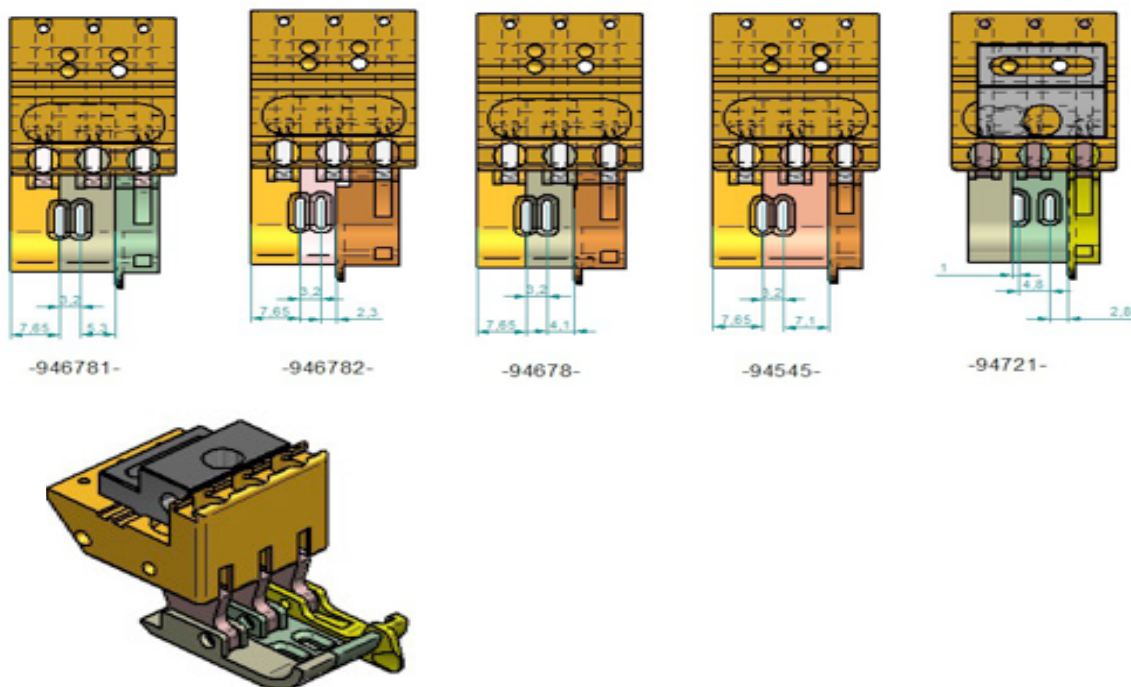

TWO-NEEDLE COVER STITCH

Two-needle sewing feet for hemline with cover stitch sewing machines.

This three-part sewing foot is used for sewing over underwear hemline with a cover stitch machine. The left needle sews along the cut edge of the turned hem.

SPECIAL FEATURES:

- All three sewing soles adapt fully automatically to the material thickness
- Production reliability through right stop sole and middle sewing sole adapted to the hem width
- For needle distances from 3.2 mm to 7.2 mm
- For chainstitch machines

Double-needle sewing feet for hemline
